**Charleston Police Announce
Team CPD “Children Pursuing Dreams”
Scholarship**

The Charleston Police Department will award (5) \$400.00 scholarships to 5 graduates from a Charleston based High School to attend college or a trade school of their choice.

Team CPD is a hands-on mentoring program where officers work with children teaching them hands on skills, the importance of making good decisions and what it means to give back to their community while building relationships with the police.

The scholarship selection process will be based on community service hours, a written essay and the recommendation from the school administrator or community leader. Once the winners are selected and contacted, we plan to announce and present the winners at the Regatta during First Responder night on Sunday July 3, 2022.

This program is funded by our inaugural Team CPD Corn hole tournament that was held at Laidley field in 2021
